

# PANDUIT® PANACEA™ LS7 Thermal Transfer Printer and Cassettes

pan•a•cea\pān'ə-sē'ə\ n: a solution to all problems.

The PANACEA LS7 Hand-Held Thermal Transfer printer is the solution for your network labeling. This printer is designed for fast and easy TIA/EIA-606-A compliant labeling.

- Professional:** High quality labels that stay where you put them and will not smear
- Powerful:** Mark patch panels, faceplates, components and cables with precision
- Easy:** Fast loading cassettes and simple operation
- Cost Effective:** Affordable and feature abundant. Case and batteries are included

## Key Features

## Benefits

<b>Label cassette includes both label material and ribbon</b>	Makes changing labels fast and easy
<b>Firmware designed specifically to meet communication market needs</b>	Minimizes waste and allows for effortless patch panel, faceplate and cable marking
<b>Advanced programming allows you to specify legend spacing</b>	No more guessing how many spaces are needed to line up your legends with ports
<b>Label materials developed for use on textured and curved surfaces</b>	Ensures patch panel, faceplate and cable labels stay where you put them
<b>Laminated materials available</b>	Provide abrasion, chemical and UV resistance
<b>Repeat legend function</b>	Eliminates repetitive typing for marking cables
<b>Advanced alpha and numeric serialization</b>	Speeds label creation
<b>Store up to 9 label files</b>	Saves time by recalling frequently used labels
<b>Automatic font sizing</b>	Eliminates guesswork in label design
<b>Symbol library</b>	Includes commonly used communication symbols
<b>Vertical and horizontal lines</b>	Separate legends on patch panel, faceplate and 110 block labels improve clarity
<b>Affordable price</b>	Easy on your budget without sacrificing features
