

Lapp Group in North America

The Lapp Group of North America, a part of the worldwide Lapp Group, consists of Lapp USA, Lapp Systems, Lapp Cable Works, Lapp Canada, Lapp Mexico and Lapp Tannehill.

A multi-site ISO 9001:2000 certificate is maintained by Lapp Holding N.A. (Ask your Lapp Group representative for a copy). Lapp Group NA is committed to achieving best practices and providing customers with the highest level of product performance.

With locations in the United States, Canada and Mexico, Lapp Group of North America has a broad range of products, which includes OLFLEX® flexible, oil resistant and continuous flex cables, with worldwide approvals, UNITRONIC® data and bus cables, SILVYN® conduit and accessories, EPIC® multi-pin rectangular and pin & sleeve connectors, SKINTOP® strain relief cord grips, cable track, remote access ports, populated track assemblies, FLEXIMARK® cable marking systems. In addition to standard products, the Lapp Group also provides custom cable designs for unique cable applications from our state-of-the-art manufacturing facility in Florham Park, New Jersey, USA.

Lapp cables are rigorously tested in our new product testing lab at our North American headquarters in New Jersey.

Siegbert Lapp

Dear Business Friends and Customers,

You are holding the Lapp Group of North America's second full line catalog, which combines all products offered from our companies and features the premier brands of Lapp.

Our internationally successful branded products include: OLFLEX® oil resistant control cables, UNITRONIC® data cables, EPIC® industrial connectors, SKINTOP® strain relief cable glands, SILVYN® conduit systems, FLEXIMARK® marking systems, ETHERLINE® cables and components for ETHERNET networks, and HITRONIC® fiber optic cables.

Many enhancements have been made to this expanded catalog. New features include:

- Complete your installation guide
- Standard put-ups
- Technical comparison charts in the front of each section
- New products: OLFLEX® Tubing & Sleeving, EPIC® M23 Connectors, EPIC® EAB, EAC & EPT Mil Style connectors
- Cable products that meet the new NFPA 79 2007 standards.

Please review the table of contents and you will find many new products and value added services, than previously available. The Lapp Group can also provide custom cable and assembly designs for specific applications.

With logistics, manufacturing, value-added services and technically trained sales, engineering and customer service personnel, you are provided with the Lapp Group's unmatched expertise to assist you in your most demanding applications.

You can rest assured that we, as a family run company, will continue to strive to meet your requirements in the future.

As we expand our products and services, we will continue to provide you with special "segment" brochures and literature.

Customer satisfaction is and remains our highest priority.

Sincerely,

Andreas Lapp
