

# S4B Series

## S4B Heavy-Duty Type 4 Safety Light Curtain

- Install quickly and easily with LED alignment indicators and brackets
- Prevent downtime using weak beam strength LED indication and output
- Eliminate costly repairs by way of the 5-pin M12 removable connection

Window is recessed 4 mm for added protection

End-to-end sensing design (no blind zone)

### Eliminate Costly Repairs

Removable cordset with 5-pin M12 QD allows for cost effective replacement of only the damaged component

## Simple Installation

The S4B is designed and optimized for easy and intuitive installation, operation, and troubleshooting. Zone LEDs aid troubleshooting and help reduce downtime.

### Alignment Zone Indicators

#### Misaligned

Red indicates a loss of signal due to a blocked beam or significant misalignment

#### Weak

Yellow indicates a weak signal due to a slight misalignment

#### Aligned

Green indicates a strong signal, proper alignment, and clear of obstruction

Rotating and locking brackets

### Intuitive Setup and Swap-out

Select and save scan code setting without a PC for easy setup and swap-out

## Prevent Downtime

Yellow indicates a weak signal due to a dirty lens. A weak beam strength output is sent via pin 5 to a PLC or HMI alerting operators to preventive maintenance needs.

### Reliable Hand Detection

The S4B features a 30-millimeter resolution for reliable hand detection

# S4B Series Safety Light Curtains

Note: S4B brackets and S4B cordset are required for both emitter and receiver. Sold separately (see below).

## Specifications

<b>Supply Voltage</b>	24 V DC ±15%
<b>Resolution</b>	30 mm
<b>Output</b>	Two 500 mA current sourcing (PNP) solid-state outputs (OSSD)
<b>Operating Range</b>	0.1 to 12 m
<b>Selectable Scan Codes</b>	Two user-selectable scan codes to avoid crosstalk among S4B pairs in close proximity
<b>Construction</b>	Robust aluminum housing with recessed window and die-cast end caps
<b>Operating Conditions</b>	-20 to +55 °C 95% maximum relative humidity (non-condensing)
<b>Short Circuit Protection</b>	All inputs and outputs are protected from short circuits to +24 V DC or DC common
<b>Electrical Safety</b>	Class III (per IEC 61140)
<b>Safety Rating</b>	Type 4 per IEC 61496-1, -2 Category 4 PL e per EN ISO13849-1 SIL3 per IEC 61508
<b>Environmental Rating</b>	IP65
<b>Certifications</b>	CE, UL LISTED

## Accessories

### S4B Brackets (required)

**S4BA-MBK-16**

Side mount brackets with 15° of rotation (includes two brackets). Maximum of 900 mm of length between brackets.

### S4B Cordset (required)

**DES4E-51D**

S4B removable 5-pin M12 QD pigtail (includes one)

### Cordsets (optional)

**5-Pin Male M12 to Dual 5-Pin Female M12 Splitter**

**CSB-M1251M1251B**  
 0.3 m (1') trunk/2 x 0.3 m (1') branches

**5-Pin M12 Double-Ended**

**MQDEC-5xxSS**  
 0.3 m (1') to 15 m (50') options available

**5-Pin M12 with Flying Leads**

**MQDC1-5xx**  
 0.5 m (1.5') to 31 m (101.7') options available

## Safety Controllers

Safety controllers ensure safe stop and start functions on equipment. Visit our website for more information.
